LOOKING REEM, EVERY WEEK!

Jessica's tasty two-piece!

Another Essex babe in a bikini!

The *Only Way Is Essex* seems to churn out absurdly attractive ladies like a particularly ace cloning laboratory, and here's another one for you to enjoy – and she has a fit mate, which makes her even better!

This time, it's singer Jessica Wright (she's the brunette) enjoying a Spanish break with her charming blonde chum, who kindly did that "Here, let me apply suntan lotion to your back" thing that only hot ladies are allowed to do to each other. Technically, blokes could do it, too, but who wants to see that apart from that fruity chap Harry from the show?

"Bad news. A seagull has messed on your back!"

"That's great. Can we start dancing now?"

IN THE SHOW!

"Ah, Clacton. Great to be back!"

"I'll just get my white stilettos"

Their press-ups technique had to be admired

THE FLAGS

They flap a bit in the wind, looking pretty.

THE BODY

The car's armour is five inches thick and rocket-resistant, and the windows can withstand armour-piercing bullets.

THE DRIVER

A CIA-trained combat driving expert, and the only man whose windows open – just three inches – in the event that he needs to address the car's secret service chaperones – or pay a road toll!

Barack's mental motor!

**Bulletproof!
Heavily armed!
Yep, it's tasty!**

We like Barack Obama, what with his nice suits and impromptu school visits, but the real star of his trip to Ireland and Britain was The Beast, his limo. It's near-indestructible, has its own weaponry – and even the boss man's blood! Just check out these brilliant facts!

THE WEAPONRY

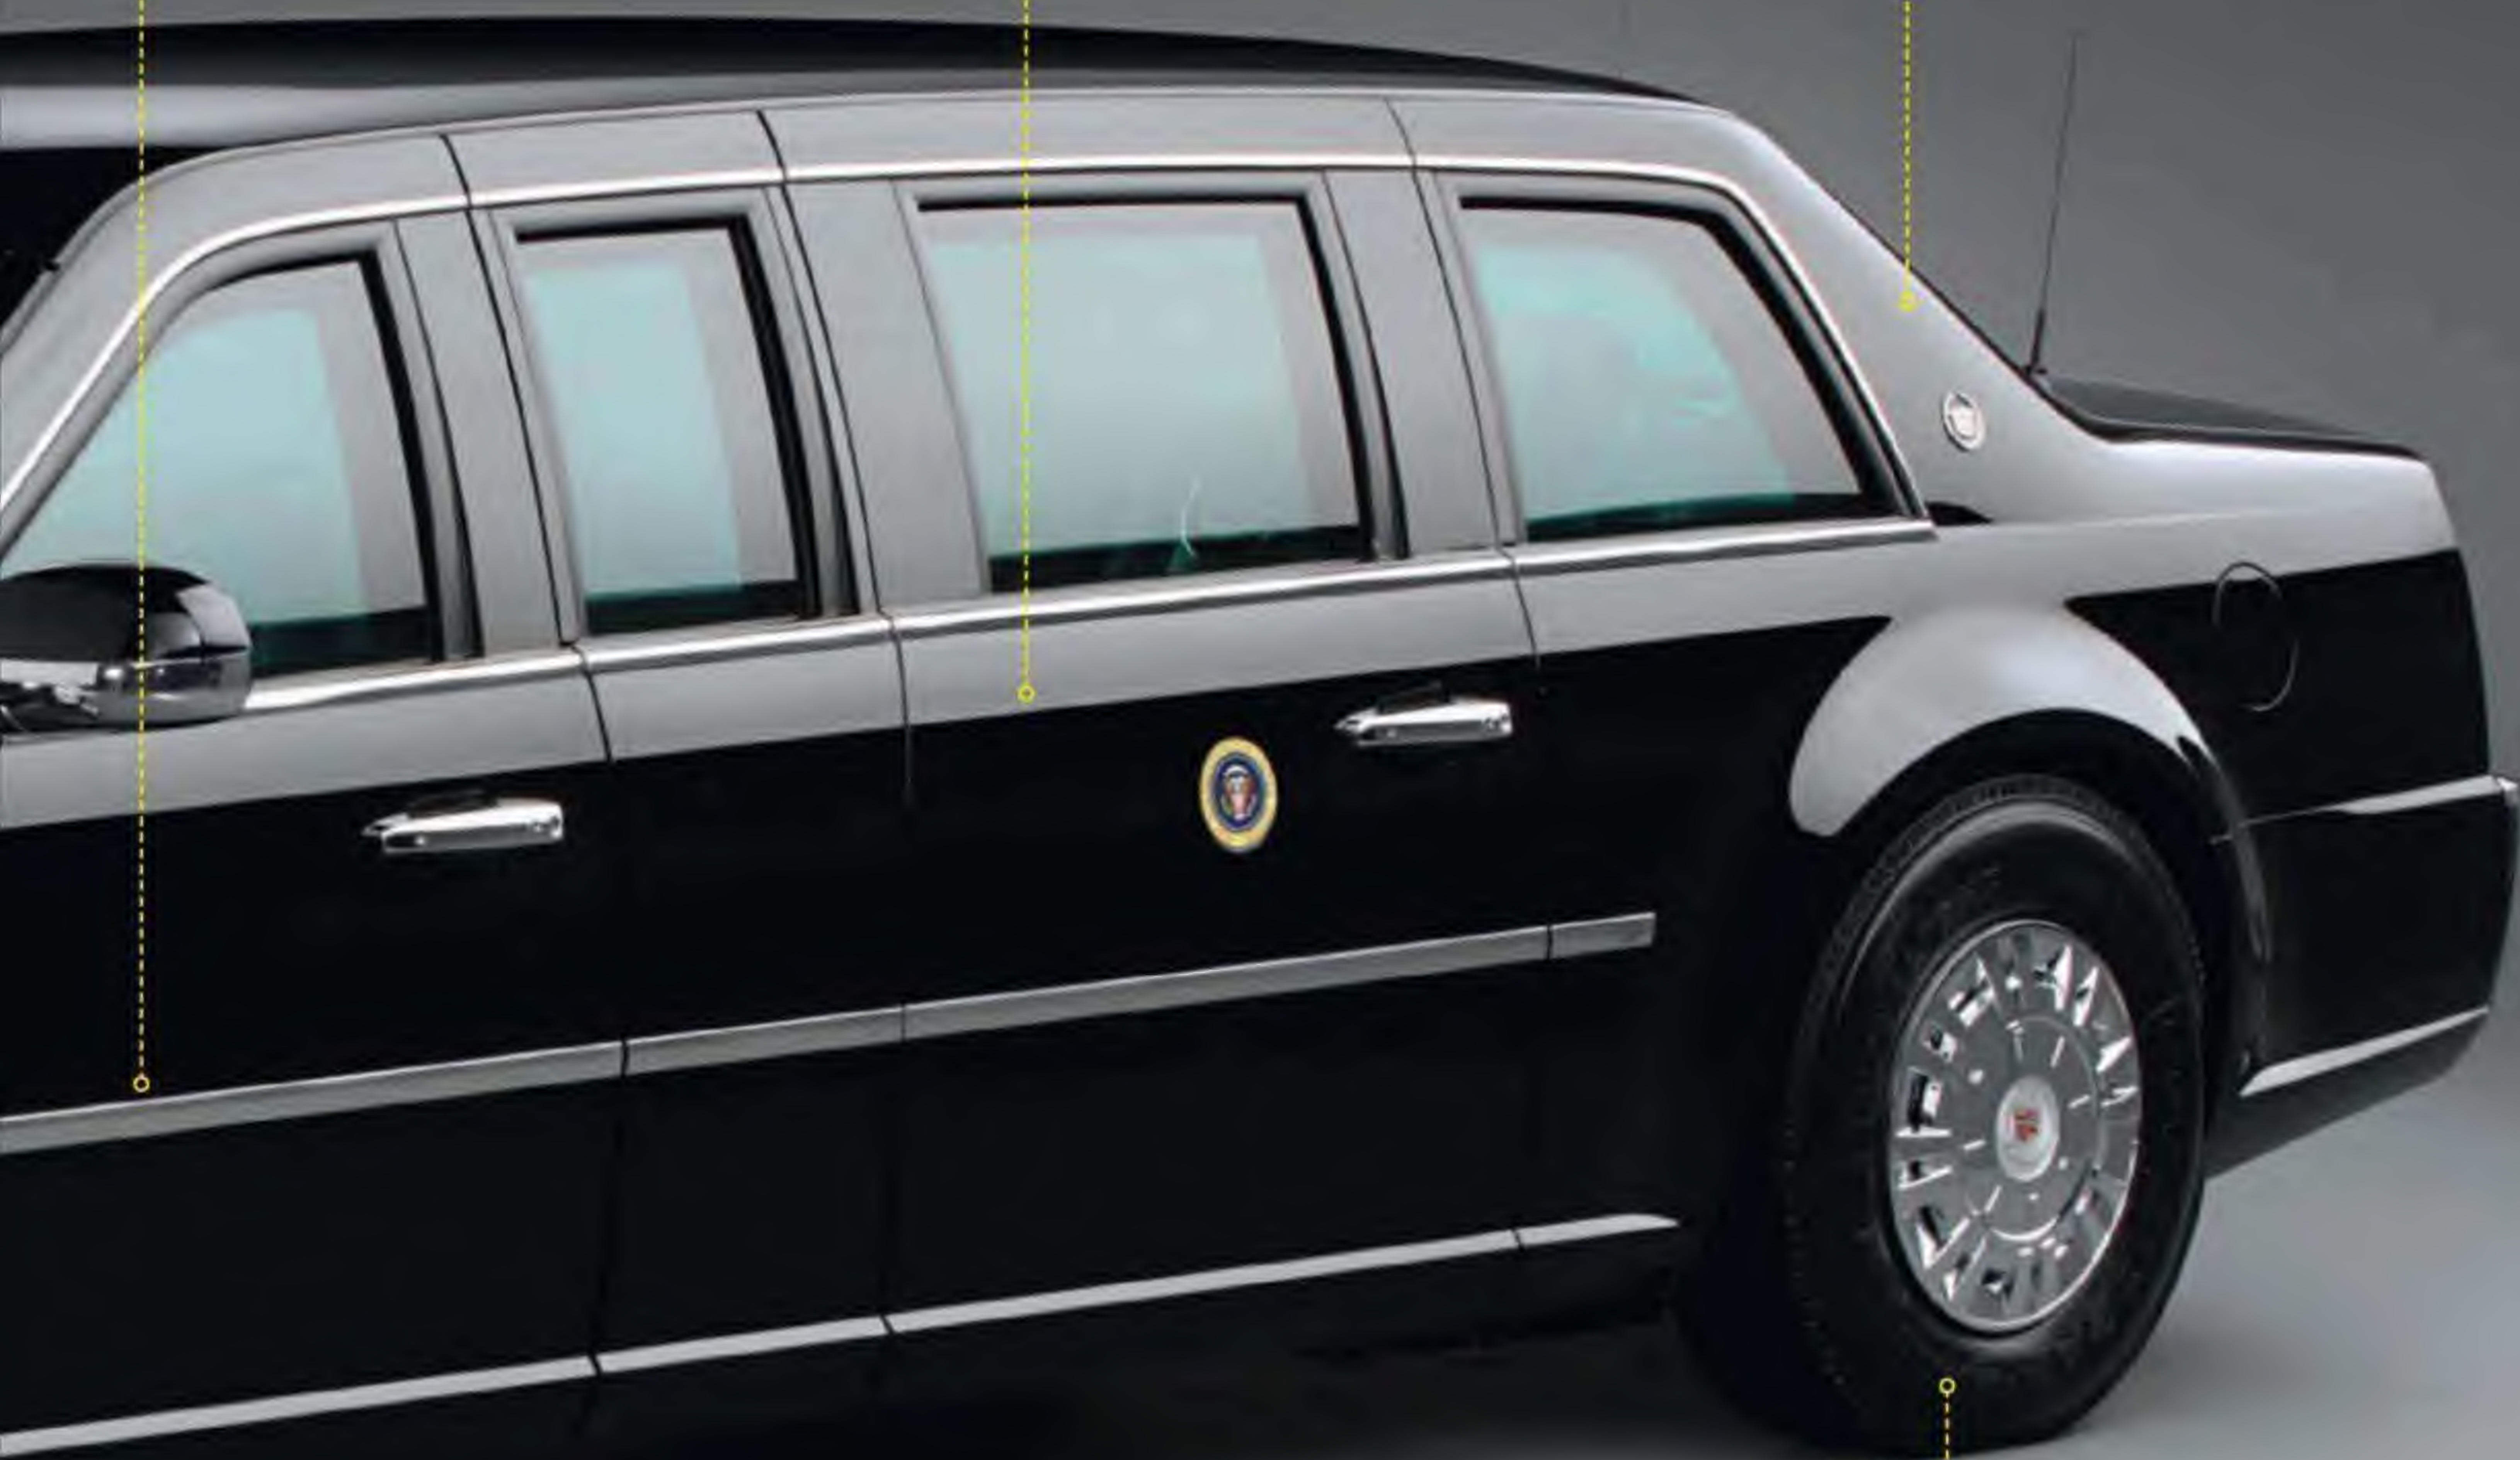

The Beast has claws – pump action shotguns on the interior, tear gas cannons on the exterior, along with night-vision cameras.

THE DOORS

They're eight inches thick, weigh the same as a Boeing 757 cabin door and are reported to be rocket-proof!

RANDOM BITS

It has a direct-line phone to the Vice President and the head of the Pentagon, a supply of blood for the President in case of injury, and it's chemical weapon-proof!

THE REAR

In case the car catches fire (it won't) there's a firefighting kit in the boot, plus a special foam in the petrol tank so it won't blow up even if it takes a direct hit!

THE BACK SEAT

Where Barack sits, he's got the lot – foldaway desk, laptop with Wi-Fi, panic button, and a switch to lower the screen to talk to the driver that only he can operate.

THE WHEELS

The tyres theoretically can't get flat – they're Kevlar-reinforced and puncture-proof – but even if they do, The Beast can still drive away at speed on its steel rims.

BOOM TIME!

Call Of Duty: Modern Warfare 3

first look!

It's back and it may be the greatest game ever made!

LET BATTLE COMMENCE!

The tried-and-trusted firefights and loud bangs are back, but get ready for awesome car chases, helicopter duels and ace speedboat battles, too!

COMBAT!

Criminy, crikey and cor! The most exciting games news of the year reached us this week as rumours started to ping about that the next instalment of *Call Of Duty* was all but finished. That's right – *Call Of Duty: Modern Warfare 3*, or *MW3*, will soon be ready for our ever-eager thumbs to start taking lives!

After close analysis of an email of what appeared to be the trailer for *MW3* popped into our inbox, it seems this begins where *Modern Warfare 2* left off.

In *MW3*, the action appears to shift from Washington to New York, where a full-scale air and sea assault is taking place with helicopter gunships chewing up skyscrapers and submarines sinking battleships.

But this isn't just a power struggle between two great powers – *MW3* sees the story escalate into a global conflict with the action shifting to missions in London involving the SAS, Paris with French Special Forces and Berlin with German Special Forces, while rumours abound that Russia and the Middle East are also backdrops for battle.

Infinity Ward, the mob behind the series, has always sought to create games that immerse the player in an interactive action movie. The realism in this looks so astonishing that they may have come closer than ever to achieving it with car chases, helicopter duels and speedboat spin-outs set in a landscape so astonishing in scope and detail that it can truly be called cinematic!

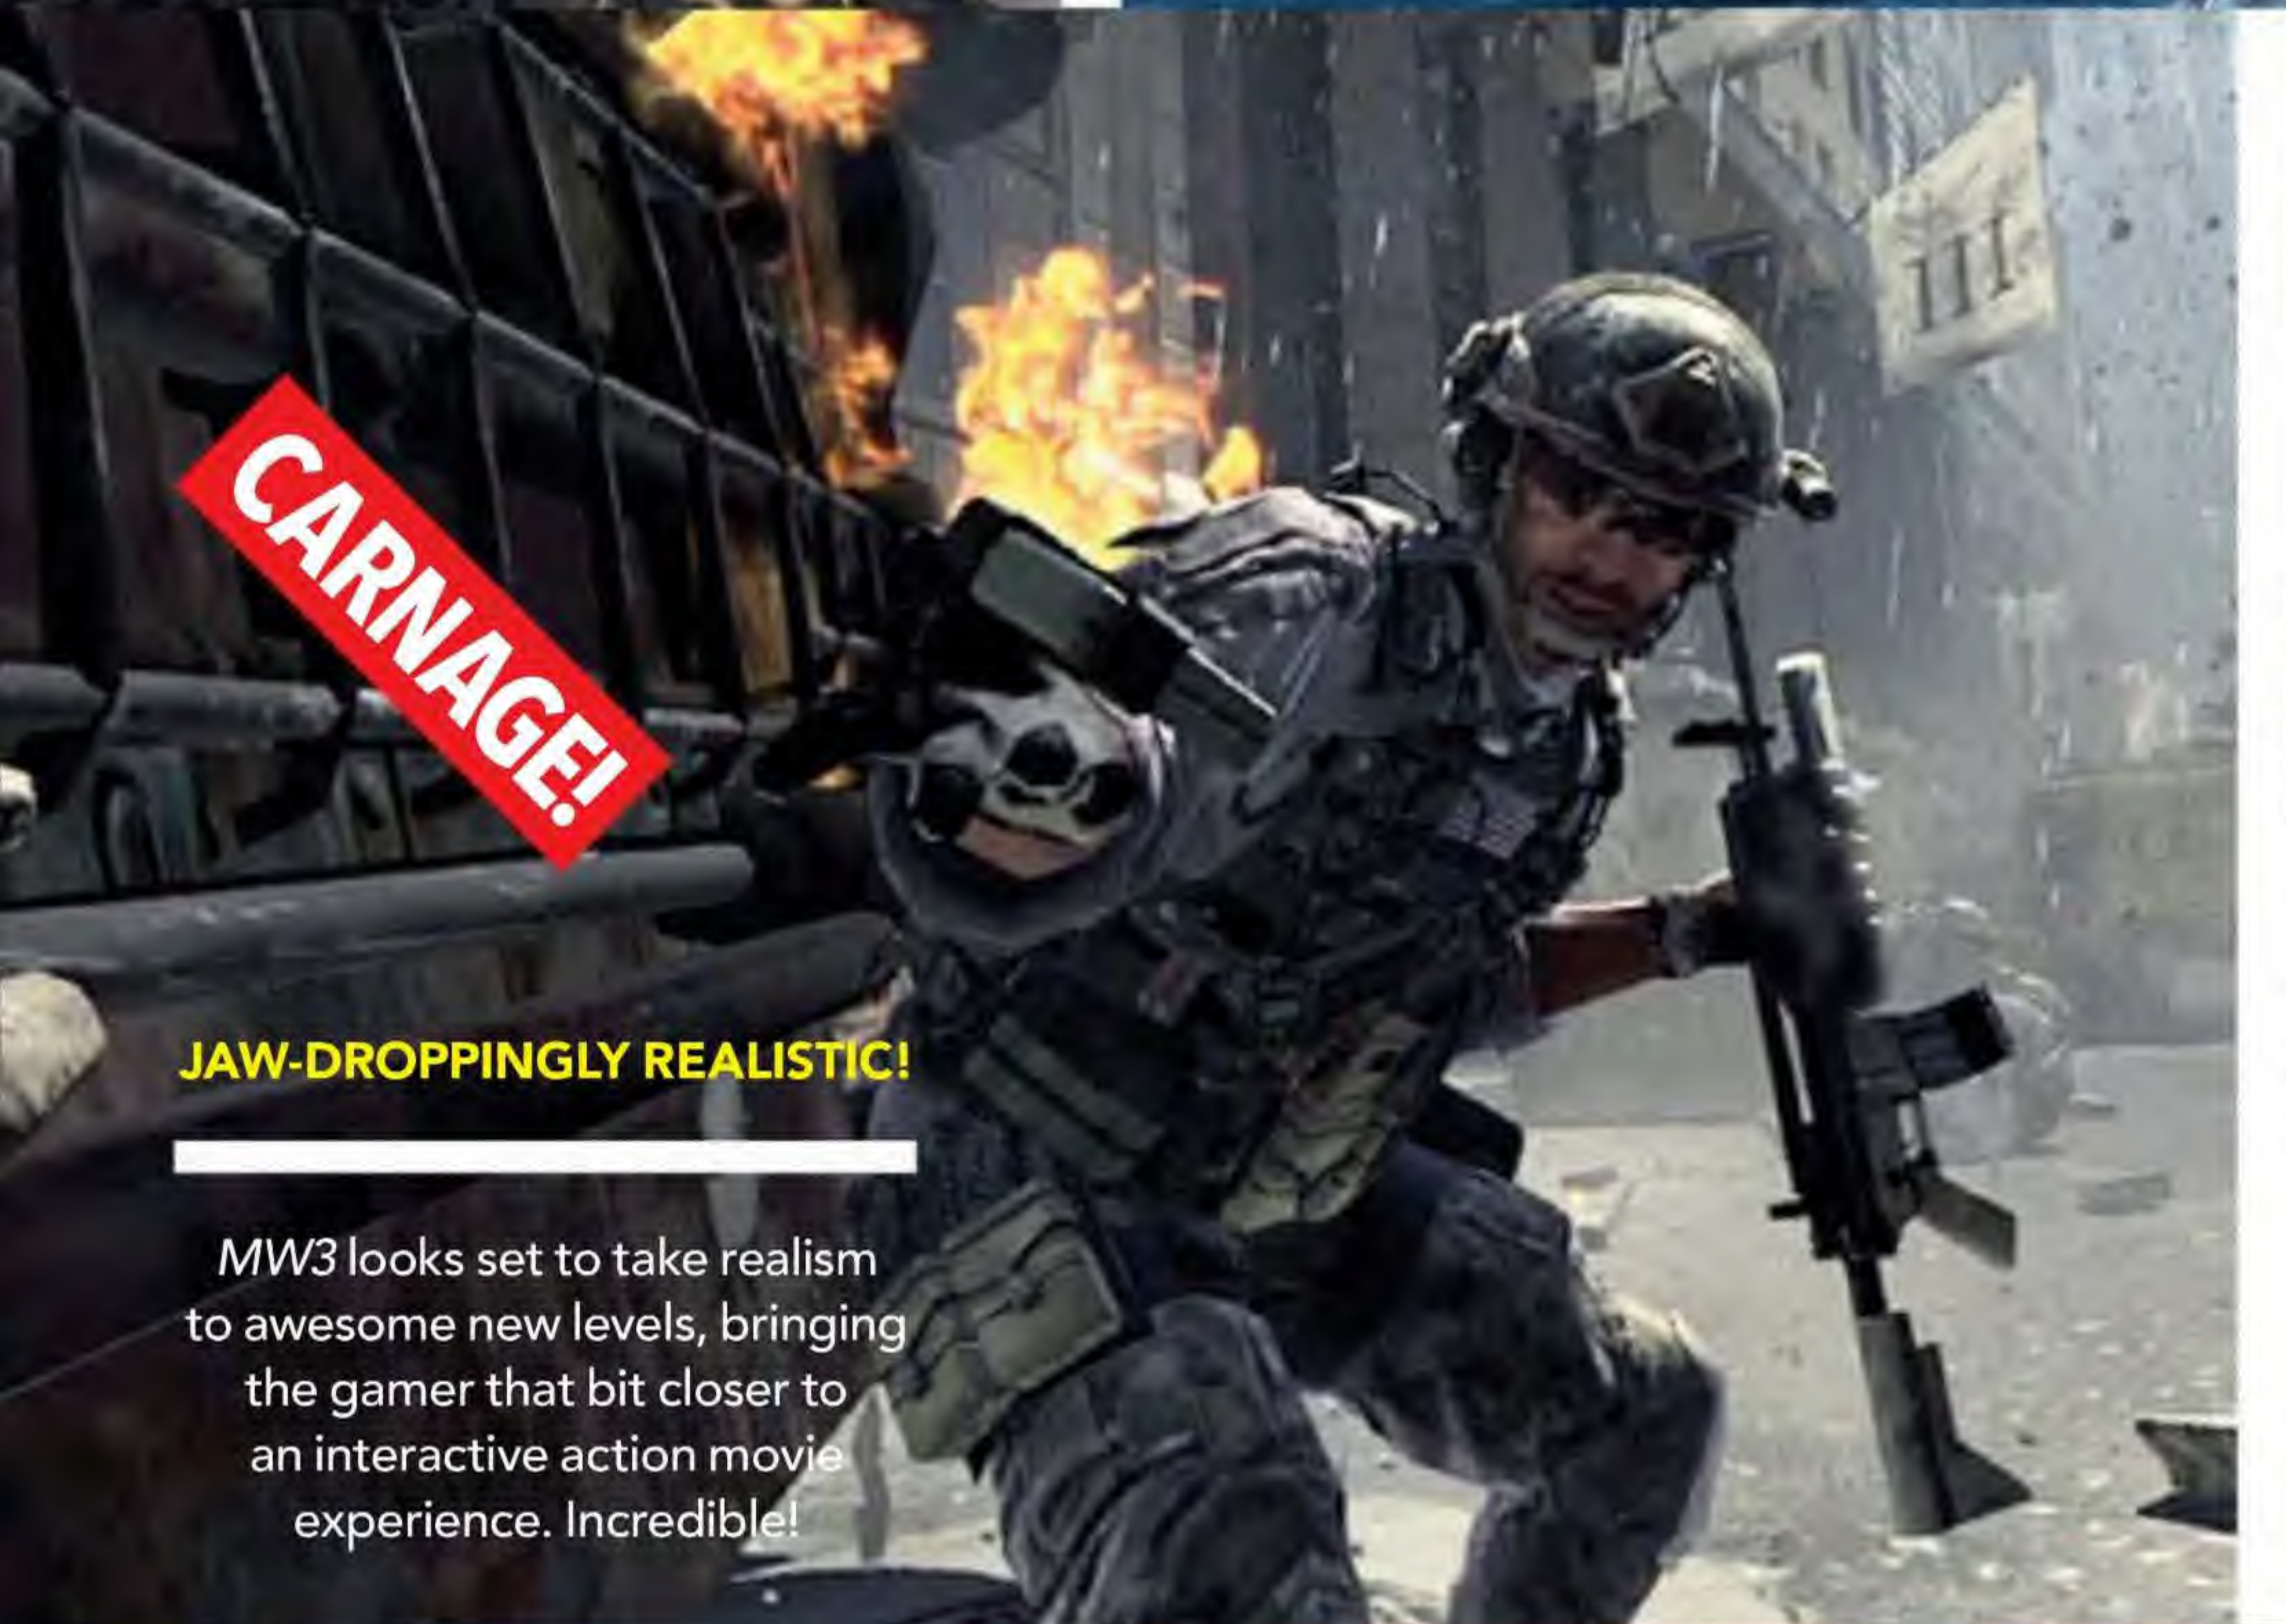

We're so excited about this, we've dispatched a squadron of *Nuts* men to gather more intel! So, don't miss next week's issue because we promise you, 100 per cent, that we *will* find out more!

See the game trailer now at www.nuts.co.uk/news

BRILLIANT NEW LOCATIONS!

Manhattan appears to be just one of the locations for MW3 carnage, with London, Paris and Berlin among the other cities set to take an almighty pounding!

JAW-DROPPINGLY REALISTIC!

MW3 looks set to take realism to awesome new levels, bringing the gamer that bit closer to an interactive action movie experience. Incredible!

Giggs gags!

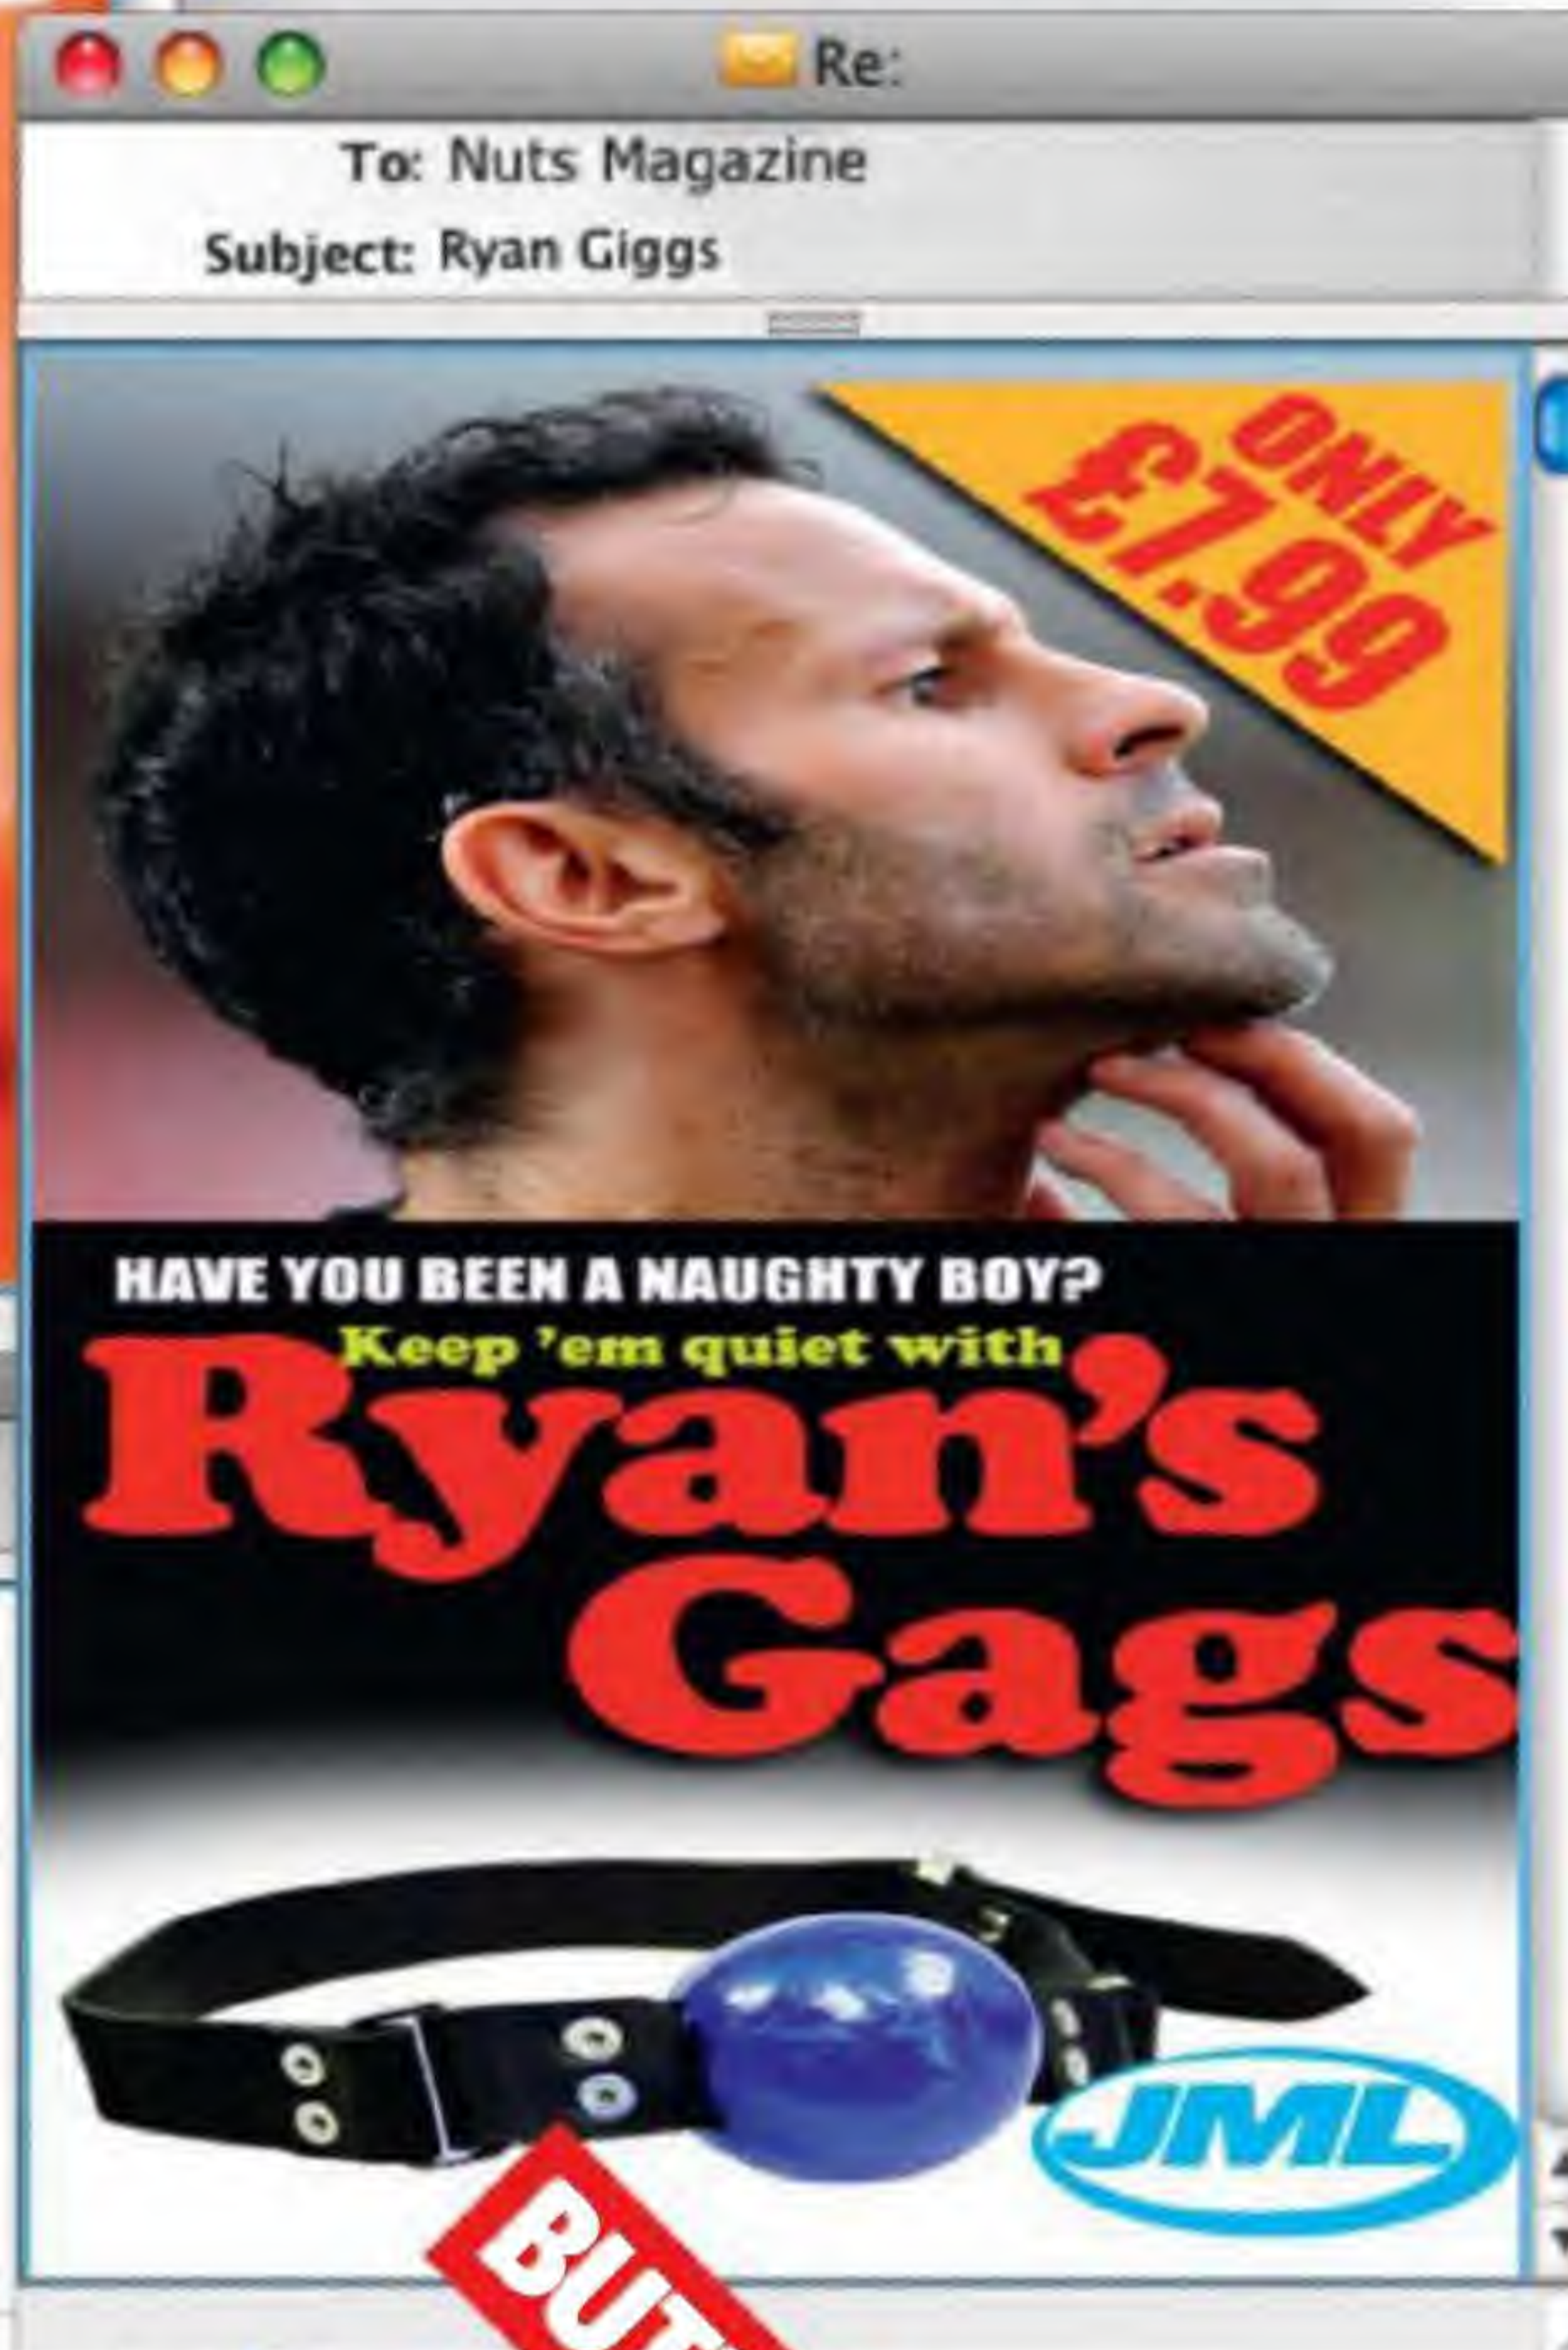

And we don't mean the kind he uses to keep ladies quiet!

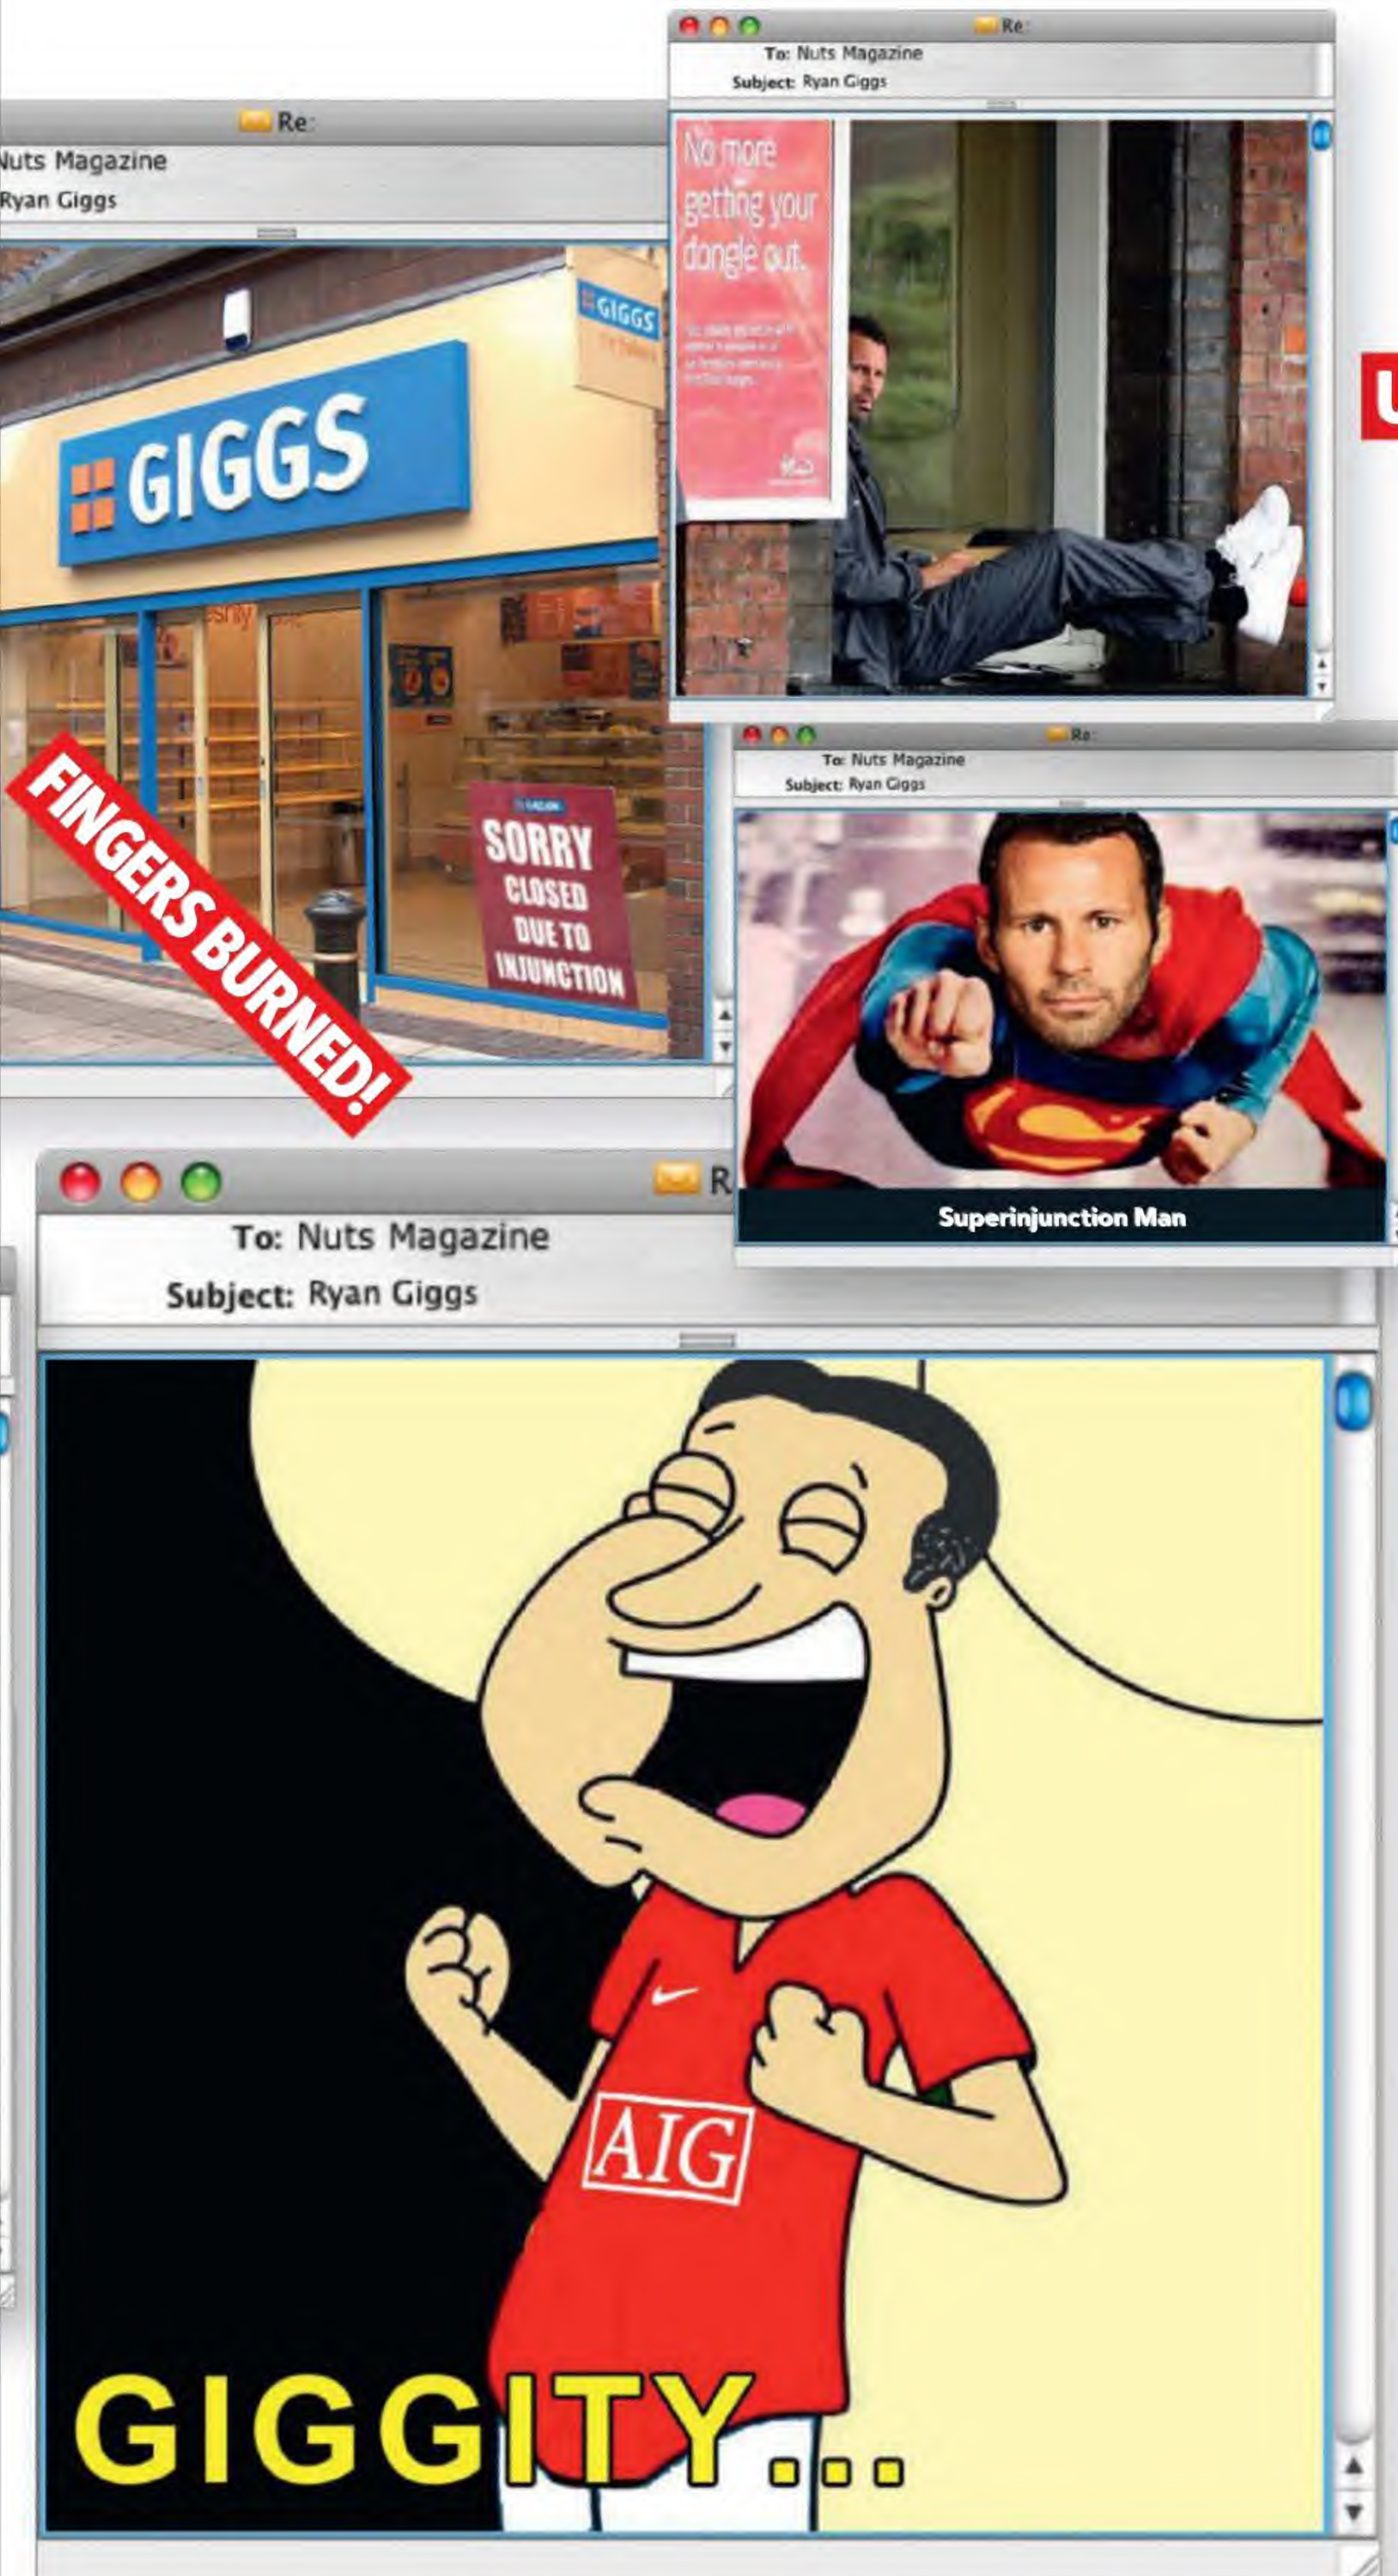

Oh Ryan. Ryan, Ryan, Ryan. Who's been a naughty boy then? Well, you have, apparently! But we at *Nuts* still think you're a legend and being the mag that always looks for the good in any situation, we thought we'd try to return a smile to your mush with some of the funniest jokes and spams doing the rounds since that superinjunction thingy of yours was proven to be, well, not so super...

A: They're both fking good football players!**

In a recent interview, Giggs was asked about his ideal woman. He replied that he'd recently discovered a liking for "buxom brunettes with a nice smile and a pretty face. Especially ones who know when to keep their mouth shut and don't know how to use the internet!"

Former *Big Brother* star Imogen Thomas is trying to launch her solo singing career. Apparently, she's pretty good – she's already started doing Giggs all over Manchester!

World's biggest saw!

45,000 TONNES!

It's in Kazakhstan - as Borat would say, "We like!"

Standing 45 metres tall, weighing 45,000 tonnes and requiring 27 people to operate it, this giant excavator, built to carve through the huge coal mountains in

Kazakhstan, boasts the biggest saw in the world! The saw's operator gets to sit in an armchair while he works! Here at *Nuts*, we have to sit on the floor. The cold, hard floor. Sigh!

Saw facts!

- It works at the Ekibastuz coal mine, which was listed in *Guinness World Records* in 1985 as the highest-producing strip mine in the world.
- It's been dubbed "The Hellish Monster of Ekibastuz".
- It travels at one mile every three hours.
- It's the same height as a ten-storey building.
- It weighs over 1,000 times as much as an H-130 Hercules aircraft.

BMW's mutant roadster!

The 328 Hommage – it's a hell of a tribute act!

- In 1940, a curvy two-seater BMW set an average speed record of 103mph around Italy's legendary, and bloody dangerous, Mille Miglia race. The BMW 328 still held the record when the race folded in 1957, but as well as being a damn fast motor, it's also considered one of the finest-looking Beemers ever.
- What you're staring at here is a respectful nod to that mighty motor from the '30s. It might hark back to your Grandpa's era, with the leather bonnet straps and bodywork cut-outs instead of doors, but this is no old-school remake.
- BMW hasn't made a hot looker for a while. The 6-series is for chino dads, the 3 is worse-looking than a Mondeo and the 5? Well, it's no trouser volcano.
- This 328 concept may not be going on sale in a hurry, but it's a chance for BMW to bring their latest bodywork technology to the party.
- Bearing in mind the latest Z4 Roadster weighs 1,480kg, this Hommage tips the scales at just 780kg. How? Something called CFRP – carbon-fibre reinforced plastic. It's lighter than aluminium yet stronger.
- BMW are proud of this, which is why the Hommage features a lot of the stuff naked, unpainted and on show.
- You're more likely to whimper than laugh if you get behind the wheel. With over 300bhp and rear-wheel drive, it'll be hard to keep away from hedges.
- We know the Hommage runs a three-litre, six-cylinder motor, so it's more than likely the 2,979cc twin-turbo petrol out of the 335i.
- Just over 300bhp might not sound that big, but this can carry a Z4 (that's 1.5 tonnes) to 62mph in 5.1 seconds. Imagine what it'll do in a car that weighs under 800kg!
- BMW won't be building the Hommage soon, but rest assured, however, that some of what you see will make parts of the next BMWs we buy.

WORDS: JONNY SMITH

300BHP!

UNDER 800KG!

Oakley Design builds Lamborghini Aventador!

- As if Lamborghini's latest hypercar, the Aventador, wasn't already drenched in testosterone, tuning firm Oakley Design plans to make it even more extreme by removing the front drive shaft (saving 85kg) to make it rear-wheel drive.
- With a tuned ECU, titanium exhaust and new induction system as well, the new car will have 760bhp to play with.
- Of the five LP760-2 models Oakley plans to build, three have been sold already for a price believed to be around £400,000.

A QUICK WORD WITH...

Carl Froch

On Calzaghe, Haye and... cheesecake!

Hi Carl! So, you're fighting Glen Johnson for the WBC super middleweight title

on Saturday. How's the prep going? All to plan so far, so it's sweet as. Glen's a tough individual and he's only been beaten by the best. He's never been knocked out so I'll just keep at him and outbox him.

How long will you carry on for? Probably until I'm 36. I'm 33 now so I can probably get six or seven more fights in. I don't drink or smoke and I eat the right food. I walk around at 12st 2lb, which is only 2lb above the limit so I don't struggle with my weight, either.

What was it like watching your missus (model Rachael Cordingley) box James DeGale's missus on *The Only Way Is Essex*? Great – she beat the sh*t out of her! She put her down in round one and then won it on points. She's a natural fighter, really good!

Who do you admire in boxing at the moment? A lot of them seem to be going. I used to love

'The guys in the UFC are proper hard... I'm just being honest!'

Roy Jones Jr but he's finished now, so there's no one really. David Haye's not been involved in the biggest fights at heavyweight but he's been chasing the Klitschko fights for a while now, so he's just been fighting whoever's been put in front of him to keep himself going. It could go either way but if he gets his tactics right, which I think he will, he'll win it.

Are you a fan of UFC? I know Dan Hardy and Paul Daley. They're proper hard f**kers! That might sound odd coming from a world champion boxer but I'm just being honest. If you ever had to fight one of those guys on the street you'd be in big trouble!

Joe Calzaghe isn't up to much now. Do you think he'll come out of retirement and fight you? He might fancy it! We could sit down and have a chat. I'm sure there'd be some big money on the table for it. I said a few things to try to take him out his comfort zone when he was world champion, but it was never anything personal and we've got a lot of respect for each other now.

What's your favourite food between bouts? I like cheesecakes and iced buns and stuff. I can't even look at them during training because I just have to eat them!

Finally, if you weren't a boxer what would you be? A marine. I love the training and the unity they have. I'd love to be a f**king hardcore marine!

DIY islands!

When the flood waters are rising all around you, it's the only option!

WORDS: PETE CASHMORE PHOTOS: PA PHOTOS

Believe it or not, amazing sights like this have become commonplace throughout the southern US, as residents of the flood-wrecked states of Mississippi and Tennessee are forced to take extreme measures to protect their homes from rising waters.

Owners of houses like this one near – rather too near – the

banks of Mississippi's Yazoo River have had to build enormous makeshift levees, turning their properties into islands overnight, as the water continues to creep up.

Alternatively, if you happen to be the poor sod who owns that white house, you could just think, "Bugger this, I'm off to live somewhere a bit drier."

JIM JEFFERIES!

It's the most offensive column on Earth!

GOES NUTS!

'Why did Arnie sh*g his cleaner? She was rough!'

Sorry if I sound grumpy this week, but I'm writing this on a plane and there's a fat couple getting off with each other in the seats next to me. Anyway...

It's not the end of the world

So, the end of the world never happened a couple of weeks back like they said it would – that's good, right? Not for Harold Camping, the Christian d*ckhead who spent tens of millions trying to prove that it would! He was very disappointed and it – and I quote – "ruined his weekend"! Apparently, though, it was only the beginning of the end, a time when all the pure people ascend to heaven, so maybe there's just no pure people left. Me? I wanted it to happen – the whole weekend I was smoking, drinking, stuffin' me f**kin' face with fast food. The usual, then.

Not-nice land

The Icelandic volcanoes are at it again, so by the time you read

this, half the airports will be shut down as smoke spirals into the sky. Still, it's not as bad for you as second-hand smoke, they tell me. Have you heard that in New York, you're no longer allowed to smoke outdoors. Outf**kingdoors! It's the most polluted city in the world, for f**k's sake! You can't even smoke in New York's Central Park, despite the fact that half the people are shooting up heroin and cottaging is practically encouraged!

Fag off!

This means there will be more 'No Smoking' signs everywhere. This p*sses me off because you don't see signs enforcing any other laws. If there are "No Smoking" signs all over, there should also be signs everywhere saying "Don't F**k Kids". Because in many ways, I find this an even worse crime.

"Typical. Grandad just spilt the ashtray!"

"She'll be back!"

Oh no, Arno!

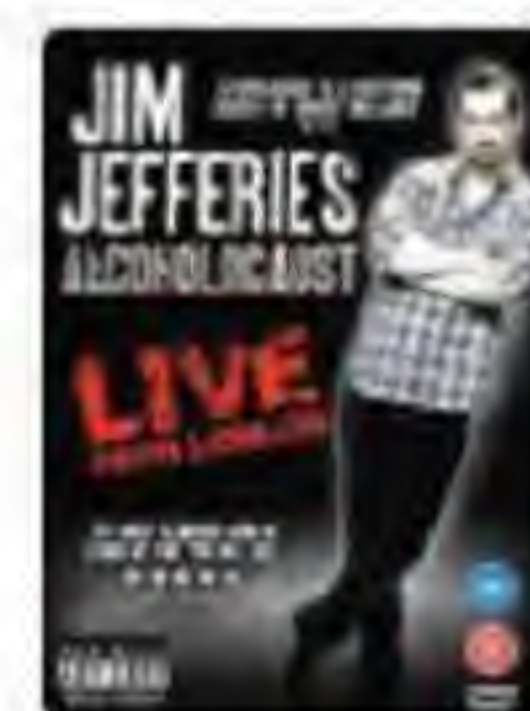

Finally, commiserations to Arnold Schwarzenegger – not because of the end of his marriage, but because the picture of the cleaner he was shagging has come out and now everyone knows exactly how low his standards are! Everyone knows that if you're going to cheat, then you

"Now everyone knows Arnie's standards are really low!"

have to either go higher than what you currently have, or you pull out. Some words to live your life by there, readers!

Jesus, this fat couple sitting next to me on the plane are at it like the plane's about to go down. My only consolation is that she can't fit her hand between his gut and the seat in front to give him a hand job. Bon voyage, f**kers!

Cheap & cheerful

After being away on

to buy his wife a gift.

"Can you show me the
most beautiful necklace

in the shop?" he asks the
jeweller at the airport.

She shows him
a diamond-encrusted
necklace costing £5,000.

"That's a bit much,"
says Dan, so the jeweller
returns with a smaller
necklace for £500.

"That's still quite a bit,"
Tim complains.

Growing annoyed, the
shopkeeper brings out
a tiny bangle worth £50.

"What I mean," says
Tim, "is I'd like to see
something really cheap."

So the jeweller hands
him a mirror.

Will my well run dry?

A friend mentioned at the pub recently that every man has a limited amount of sperm. If that's true, should I limit the amount of times I'm having sex? Because I have a lot!

Tobes, Cornwall

Just have sex as much as you like! Men keep producing constant sperm so don't hold back. It's like a water fountain – it just keeps on flowing! Honestly, where do you blokes pick up some of this stuff?

Nuts BABES' SEX TIPS!

No.44: "Every girl loves a man who tries. I like a bit of rough-housing – being too gentle won't work!"

Rhian Sugden

Why should we stop?

My girlfriend has suggested we give up sex for a month to bring us closer together. I'm against the idea. What does she mean?

Nick, Braintree

I blame all these silly magazines women read. She probably wants to find out what the relationship is like without sex – to see if there are any deeper feelings. I tried it but I couldn't go a whole month without sex. I only managed a couple of hours!

Bath sex safe?

I've always fancied sex in the bath but I've heard horror stories about suction. Is it safe?

Steve, Knutsford

I have sex in the bath without any problems. It's more fun if you have a big bath! Don't do it in a really small tub, because that's how little slips and accidents can happen!

I'm battered and bruised!

My girlfriend "treats" me every now and then with long, rough sessions that leave me battered. How can I tell her they're actually really gruelling without upsetting her?

Guy, Sandwell

You should instruct the other person what you want as that improves their confidence. Instruct her to slow down if things get too rough – you don't want to get hurt!

Jack Nicholson's

The grumpy comic on the new series of *Lead Balloon*, his memoirs, and his face!

Hi Jack! Your sitcom *Lead Balloon* is back, in which you play an uptight, grumpy stand-up

comedian. Where on Earth did you get the idea for that?

Ha! I suppose in real life, I'm more like a cross between Rick [Spleen – Jack's character] and Marty [Rick's writing partner]. I'm more of a hybrid because I'm not 100 per cent like either of them. They're characters, not real people. I don't have Rick's desperation. I'm quite a lot more relaxed than he is, but work-wise, I probably have more in common with Marty's attitude.

Your Wikipedia entry says that you're known for "your sardonic, curmudgeonly, and deadpan style". Er, what does curmudgeonly mean?

It means a grumpy person. At least, I think it does!

You recently wrote your memoirs.

How could you remember it all? What would happen if you

JACK DEE

**suddenly

from amnesia?**

Once you discipline yourself to sit down and start writing, the memories do come flooding back. It tells the story of how I got into stand-up. So it ends 25 years ago, at the point that I gave up the day job. **If you had a time-travelling machine, what would you go back and relive?** That's a good question, but I wouldn't want to go back and do any of it. It would mean I'd have to go through the rest of the sh*t as well.

Would you prefer one of those flashy memory-erasing things from *Men in Black* then, to forget about the worst bits?

Yes. I could do with erasing a few memories!

You can buy your book on tape.

Who reads it? Er, I decided I was the best person for the job so I read it myself!

Before you became a comedian, you used to be a waiter.

Did your service come with a smile? I like to think I was actually rather a good waiter. I could do classes and teach people how to do it properly. I was able to think what people would like when they're sitting in a restaurant, and I was very good at remembering things. And I was very quick. People used to ask for me because I was the waiter with the grumpy face. They liked me for that reason! **How many stars did you have on your badge? Did your grumpy face help you get more?** I never worked in a restaurant like that, but I'd have been employee of the month if I'd worked at TGI Friday. I'd have had badges all down my braces.

"I COULD DO WITH ERASING A FEW MEMORIES!"

If you'd stayed, maybe you'd be manager by now! I was a restaurant manager at one point, but I couldn't stay in the business any longer. It's such a cyclical business and I found it exasperating. You do a big busy dinner and everyone goes. Then you've got to set up the same thing again the next day.

Your first TV show was called *The Jack Dee Show*. Did they think of the name first and then interview lots of different Jack Dees? It was pretty much along those lines. I had to point out that I was ideally suited to it. **You're famous for your suits. Apparently, Jay-Z wears his trainers once then throws them in the bin. Do you do the same with your suits?** I haven't yet.

There have been a couple of suits I've bought but decided not to wear. They were only cheap ones. **We hear you're currently working on an idea for a new panel show called *Things Can Only Get Better*. What's that all about?** It's still a work in progress really. There's not enough to be able to tell you. It'll

involve a collaboration between various comedians.

What are they collaborating on exactly? I think we're going down the panel show route.

I'm not avoiding the issue – we just haven't decided what it's definitely going to be like yet!

When you used to advertise John Smith's bitter, people used to refer to you as "the midget with the widget". Did you want to thump them?

No. I've never wanted to thump them. I think if you put yourself out there and do an advert then you deserve everything that comes to you! ■

The platoon had to infiltrate one of the most secure Taliban strongholds

13 HOURS IN HELL!

NUTS INVESTIGATES HOW A BRITISH PLATOON SURVIVED TALIBAN SNIPERS

CAPT BURY

For Captain Patrick Bury, the mission he and his platoon faced was laced with danger – infiltrate one of the most secure Taliban strongholds in Afghanistan and engage with the local population. “We knew we were going into the hornets’ nest, and that it was all going to kick off,” Capt Bury tells *Nuts*.

It was 2008, the town was the lawless Sar Puzeh, and 7 Platoon Ranger Company of the Royal Irish Regiment were

briefed on the dangers that lay ahead. “The intention was to gauge the attitudes towards foreign troops but also to show the insurgency that we could strike whenever and wherever we wanted,” recalls Capt Bury.

There was a personal angle, too. “There was an element of revenge. We were attached to the 16 Air Assault Brigade and some of our comrades in the Paras had lost a few soldiers at the time. We were going back to teach the Taliban a lesson.”

AIR ATTACK

At 4am, the assault got under way with his platoon and three more landing in a blizzard of bullets. “We were in the second wave of helicopters, and the Paras from the first wave were engaged in firefights at the edge of town.”

As rounds buzzed past the helicopter carrying Bury and his platoon, he knew he was about to enter a savage battle. “When we hit the ground, Taliban troops were popping

out from alleyways shooting at us. It was so lethal we had to call in the Apache helicopter gunships to clear out the area.

But the Taliban snipers’ vantage point in the hills was still going to make the journey into town deadly. “Luckily, the Paras we were with were able to identify most of their positions and take them out.”

MAN DOWN

But there was one Taliban sniper who was to prove

Unable to contain the rogue sniper, the platoon then faced their darkest moment with the death of their Sergeant Major. "Probably around two and a half hours into the fight, we started to take some very accurate fire. I don't know how

the hell I'm still here," admits Bury. "I could feel bullets buzz past my head. Then our Sergeant Major was killed beside me. It was terrifying."

Eventually, the Taliban sniper was located and taken out. Bury and his platoon were then free to advance, where they made a strange discovery.

TALIBAN DRUG DEN

"We found a Taliban drugs factory containing probably a million dollars worth of

heroin, which we blew up. We then discovered loads of beds and underwear, and realised we were in a Taliban brothel!"

The discovery caused a few gags to be cracked, but the battle was far from over. "These guys were determined to contest any further entrance into their area, and we could see them rushing at us."

The Brits were able to hold off the insurgents until they had more ammo flown in, and the fighting raged well into the

"We tried to get back out over the mountains but our quad bikes couldn't handle it, so we took a risk and went back up the road we came from. Luckily, the Taliban had dissipated by that stage."

When the soldiers completed the four-mile journey back to the helicopter landing site, the effects of the battle began to take hold. "The adrenaline keeps you going during the fight but afterwards it hits you. The adrenaline's gone, people

are puking everywhere. It goes to show the intensity of it all."

Back in the safety of base camp, Capt Bury was able to digest what had happened. "For many, it was the pinnacle of their careers. There's an amount of professional pride in knowing you've taken part in one of the biggest air assaults in British military history." ■

Sam's won awards for her cuteness and bustiness. Her greatest accolade? Loads of appearances in *Nuts*!

24 GEMMA GARRETT
We've decided that Gemma's nickname at *Nuts* is going to be GG, and not just because those are her initials.

25 SOPHIA CAHILL
Sophia's attempting to make it as an actress, and has a few roles to her name so far. We've got them all on DVD!

26 KOURTNEY KARDASHIAN
The Kardashian gene pool is a pretty special thing, as Kourtney here proves! ➡

27 BILLIE FAIERS
The Only Way Is Essex was hot enough when it only had Sam Faiers. Now sister Billie's joined, it's twice as hot!

32 VICTORIA MOORE There's certainly "Moore" of Victoria in the bosom department than most, we think it's fair to say!

34 MISSY We think Missy's name is meant to remind us that she's a lady. Well, Missy, we're already way ahead of you!

47 SOPHIE HOWARD Every time an interview with Sophie arrives in the *Nuts* office, several staff have to lie down. She's very naughty!

49 RACHAEL WHITE The *Big Brother* babe was the cover star of one of our best-selling issues ever, and it's not hard to see why!

52 SOPHIE READE Sophie used to date Mario Balotelli, so she's not an astute judge of character. But she does have lovely boobs!

45 NATALIE BLAIR We can only guess that Natalie isn't related to Tony Blair. If she is, thank God she decided not to go into politics!

46 RHIAN SUGDEN Her name sounds like a character from *Emmerdale* but she's not, which is a shame because she'd be on the telly!

50 LINDSAY LOHAN Wild girl Lindsay's had a few problems in the past, but looking drop-dead gorgeous every day isn't one of them!

51 KELLY ANDREWS Known in the office as "the wonder from the Wirral", "the long-haired lovely from Liverpool" and "Booby Kelly!"

53 ANGELINA JOLIE Angie allegedly had her bust digitally enhanced when she played Lara Croft in *Tomb Raider*. She didn't need it!

54 AMY GREEN There's nothing green about Amy – she's well-versed in the art of unveiling her boobs, and we approve!

55 MICHELLE KEEGAN We've only just found out that Michelle isn't related to greying pundit Kevin. It's safe to fancy her again! ➡

63 KEELEY HAZELL A boob legend, Keeley is never far from our thoughts, and yours either, judging by the fan mail she receives!

65 KATIE GREEN When M&S decided Katie was too sexy for them, they made the worst decision since she dated Lembit Opik!

66 JWOWW She scares us and could drink us under the table, but there's no doubting JWOWW's a real booby beauty!

67 HELEN FLANAGAN An anagram of "Helen Flanagan" is "very hot, booby stunner". If you add some letters and take some away.

64 ALICE SEY We'd just like to "Sey" that Alice is a very lovely and prodigiously bosomy young lady, and we love her!

68 GRACIE LEWIS She sounds like she should be a Hollywood movie star from the '40s, but the perceptive will notice she isn't.

69 PORCHIA WATSON One of the first lovelies to feature on *The Only Way Is Essex*, which would surely be better if it just featured ladies.

70 ROSIE JONES What can we say about Rosie that hasn't been said? Nothing. So, let us admire her physique in stunned silence. ➡

100 BOOBY BABES

71 EMMA FRAIN
There's a widely held belief at *Nuts* that Emma's one of the most beautiful ladies ever. Exhibit A – this pic!

A recent addition to *Nuts*, and quite frankly, we're just happy to have her around the place. Welcome, Mel!

77 SAM KELLETT

73 GEMMA BISSIX
Gemma recently appeared on current affairs show *The Wright Stuff*. Beautiful and brainy? Perfect!

78 SAMMY-JO
Sammy – a bloke's name. Joe – a bloke's name. Put them together and lop off an "e" – not a bloke's name.

92 KATY PERRY
Katy once claimed to be an extraterrestrial. If all the women on her planet look like her, we want to go there!

93 KELLY BROOK
A list devoted to boob babes without the lovely Kelly Brook in it would be utterly ridiculous! So here she is.

95 JENNIFER CLARK
Jen made such a stir with her first ever sexy Nuts shoot that we called her back to do more! It's that simple!

96 ROSIE WHITEMAN
Incredibly blonde and similarly booby, Rosie just happens to be what our wildest dreams look like.

97 KATIE PRICE
Call her Jordan or call her Katie, the one thing that always stays the same is her awesome boobs!

98 AMYLU BENNETT
Every time we feature Amylu, we like to remind the world that we discovered her. Mainly because she's fantastic!

88 LEAH FRANCIS
We wonder what a party would be like if Leah and Sophie Howard showed up. Very naughty, we reckon!

89 EVA
We don't speak Polish, but if we did, we'd repeatedly tell Eva, in Polish, that we love her big, bouncy boobs!

90 CHELSEA WHITE
Chelsea's begun working behind the camera recently. We hope she doesn't retire from posing, though!

91 GEMMA HILES
"Gemma," states her website, "is a model with a fabulous 32E chest". We agree with that assessment!

94 CHARLOTTE MEARS
Blonde, beautiful and very booby – no list of booby babes would be complete without the lovely Charlotte.

99 IMOGEN THOMAS
Imogen's been in the news recently, and the fact that it wasn't about her boobs proves it must be important.

100 LACEY BANGHARD
We still find it hard to believe but that is her real name! Her amazing boobs are real, too! ■

KAMMY!

ONLY IN
Nuts!

He's the voice of the fans – and he's only in *Nuts*!

"Please boss, don't send me
to the Under-17 girls!"

"Avram who?"

Another year, another firing at Chelsea!

As Chelsea yet again find themselves in the middle of a hunt for a manager, it's almost unbelievable to think that a man of the stature and achievement of Carlo Ancelotti was shown the door so quickly after a trophy-less season at Stamford Bridge. The Italian's a two-time Champions League

"Ancelotti felt he'd been undermined"

winner after all, and a man who just a season ago had won the double for Roman Abramovich. But just like the men who went before him, his failure to win the Champions League for the Russian proved his undoing. So they start all over again, trying to find someone to lead them to the ultimate club prize.

The warning signs were there as soon as Ray Wilkins was fired. You could see that Ancelotti felt he'd been completely undermined and whatever the reasons were, he didn't want to see his friend go.

Maybe Ancelotti even took his foot off the gas with understandable indignation at being shown such a lack of respect – certainly Chelsea's form over the following ten games pointed to that, and probably cost them the league.

Rumours are that it may well be Chelsea's former stand-in boss Guus Hiddink who returns to take over, possibly in a joint role with Avram Grant as director of football. One thing's for sure, whoever takes over the reins at the club will have to know that there's only

one man truly in charge, and that's Roman Abramovich.

As much as all these managerial changes make it difficult for the players to gel as a squad over time, the Russian's been getting his chequebook out again to show how serious he is about bringing more success to Stamford Bridge, as the signing of Fernando Torres for a record fee shows.

There'll be more big players arriving in the summer no doubt, but whoever they hire to lead them has a very difficult – and possibly short – job ahead!

Kammy's most wanted!

Nuts SPORT

1 **SERGIO AGUERO**

Atletico Madrid

Would cost: £40m

Who should buy him?

Manchester City, Chelsea

"Aguero is the kind of player who could fit in to the English game like Luis Suarez has for Liverpool. He would link up well with Fernando Torres."

3 **GARETH BALE**

Spurs

Would cost: £50m

Who should buy him?

Manchester United

"Man United need a successor to Ryan Giggs and if they want a wing-wizard, then Bale's their man. Having missed out when he went to Spurs, Sir Alex would love to have him."

4 **KARIM BENZEMA**

Real Madrid

Would cost: £35m

Who should buy him?

Arsenal
"Benzema would be a perfect Arsenal striker. It might mean Arsene Wenger would have to spend big though, and he hasn't shown any signs of doing that so far!"

5 **DOUGLAS COSTA**

Shakhtar Donetsk

Would cost: £18m

Who should buy him?

Arsenal, Man United

"I'm a huge fan of this young lad. A skilful midfielder with goals in him, he'd add spark to Arsenal, or add even more quality to Man United's squad."

2 **WESLEY SNEIJDER**

Inter Milan

Would cost: £35m

Who should buy him?

Manchester City

"Man City should buy him because they need some quality supply for Edin Dzeko, and they don't have that. He'd excel in the Premier League."

6 **ASHLEY YOUNG**

Aston Villa

Would cost: £15m

Who should buy him?

Liverpool

"His contract's soon up at Villa, so where better to go than a resurgent Liverpool? He may be the man to supply the firepower to Andy Carroll."

"Gis it back, I've got three more to do after you!"

Deal Or No Deal top tips!

Deal Or No Deal is a game enjoyed just by those who believe in a "system", right? Well, the TV game show might be, but the multi-line slot isn't!

For as little as 5p a go, you can win big – and if you're willing to play on all lines, you could win a progressive jackpot. In fact, one winner walked off with £1.96m!

You can win big money in the comfort of your own home!

HOW TO PLAY

- The idea is to get winning symbol combinations from spinning the reels, with the ultimate aim being to win the progressive jackpot.
- You can gamble up to 20p on each of the 20 pay lines. That's 20 chances to win on each play!
- The progressive jackpot can only be won on the *Deal Or No Deal* bonus game, but there are also two other fun bonus games called Banker's Offer and Mystery Box Bonus, where you can win cash.

THE NUMBER LINES

Click the number beside the reels, or the Bet One or Bet Max button. Choose Bet Max for the bonus game where you play for the biggest jackpots!

BONUS GAME

If you're betting on all 20 pay lines and you get three *Deal Or No Deal* bonus symbols on any pay line, the bonus game begins. This is much like the *Deal Or No Deal* TV show, only the big progressive jackpot is at stake here. Good luck!

Redknapp: 'I won't sign players for the sake of it!'

The Spurs gaffer on transfer talk, horses and Celine Dion!

Hi Harry! Your barnet's yet to go grey, but that said, what's the most stressful part of your job?

It's all about winning and losing. When we win, it's a fantastic feeling. Still buzzing about the result, I struggle to sleep, with my mind going over the game hundreds of times. When you lose and things have gone badly, it's the opposite. I get so low at times, it's crazy. When you're in the game, you want to do well and you never switch off. Once one season has ended, you're straight onto thinking about the next. That's just how it is, but I love football.

Any areas of your squad you might tweak ahead of the new season? I still feel we need that little bit of quality in one or two areas. The players I have in mind wouldn't cost a lot if we could pull off the deals. I won't sign players for the sake of it because it's difficult to improve on the quality we already have. We're overloaded with players, so we might need to let one or two go.

How do you relax in your spare time? I live by the beach and I love a walk along the sand with my dogs. Some nights, I can walk for an hour without seeing anyone. I enjoy a game of golf when time allows, but to say I relax... well, I'm not too sure about that! I end up getting the right needle because I'm not as

good a golfer as I'd like to be. I tend to become frustrated!

Our spies tell us you're also a big horse racing fan. I enjoy horse racing, although I don't get to go that often. I own a couple of horses and enjoy a day at the races but for me, it's not just about watching them race – I love horses in general. I wouldn't want to ride one, though. I'd be scared out of my mind!

We'll scratch potential jockey off the list then. Any real characters in the Spurs dressing room? We're actually a quiet team. They're a nice bunch of lads and I get on with all of them – even if they did drop a bucket of water over my head last season and ruined my suit!

What kind of music gets you in a good mood? I like a few of the oldies – Frank Sinatra, Tony Bennett and Diana Ross as well as Celine Dion. I also enjoy a lot of the old Motown stuff. I always have music on in my car.

Cheers for the chat, Harry. Finally, which celebrity would you most like to get stuck in a lift with? Muhammad Ali. I've always been a big boxing fan and that would be fantastic. I thought he was the most incredible boxer and athlete. I remember him as Cassius Clay and watched him win gold at the Olympics. He was the best ever!

We put the Spaniard on the spot!

If you hadn't been a football manager, what would you have gone into instead? I'm a physical education teacher, so I'd be teaching in a school, probably.

What was the last music you bought? I bought a Justin Bieber CD for my daughters.

What are your TV guilty pleasures? I like cowboy and karate films.

If someone made a film of your life, which actor would you like to play you? Maybe Al Pacino!

If you had to stand up and do karaoke, what song would you choose? Probably anything by the Beatles.

Do you have a favourite Beatles song? I like *Michelle*, that's good. Also *Help!*

What's the nicest place you've ever visited? Madrid's really nice. I went to the royal palace and was really impressed! I think they have 500 lamps. It was amazing!

Have you been mistaken for another famous person? No.

If you could have dinner with any three people, dead or alive, who would they be?

Júlio César [Inter Milan's Brazilian goalkeeper], Al Pacino and Napoleon.

What would you cook? I'm not fantastic in the kitchen, so maybe a Spanish omelette.

IT'S LOU!

CONFESSION OF THE WEEK!

"The lap dancer kissed my lips"

My boyfriend recently took me to a lap-dancing club for the first time. As soon as we were shown to our seats, I immediately noticed a pretty blonde dancer with a great figure and huge boobs. She wasted no time asking if she could dance for me and my man. Seeing her strip and touch her huge boobs in front of me really turned me on. She leaned in towards me and gave me a slow, deliberate kiss on the lips. I was more than happy to kiss her back and could feel in my panties that I was super wet. My boyfriend loved watching the chemistry between us and suggested we head straight home. We didn't quite make it, having to stop on the way for sex – watched by CCTV cameras!

Natalie, Colchester

"Webcam sex every night"

My boyfriend is a workaholic and travels a lot. As he's away for months at a time, we needed to find some way to satisfy our

cravings. I came up with the idea of setting up a webcam. Almost every night we turn on the webcam and I do a striptease for him to stroke his member to. All this would make me so wet, I'd be dripping down my thighs

and would get out my biggest toy and plunge it inside me until I squirted all over the bed. One night, I accidentally made our chatroom public, so anyone could watch me playing with myself! After I'd finished, I was surprised to see loads of men online pleasuring themselves! It was such a turn-on, I decided to do it all again. Three months on and I'm still doing it. My boyfriend loves being with an amateur porn star!

Chloe, County Durham

"I grabbed his Nuts mag!"

I recently moved into a flat with my boyfriend. One night, he was out working and had phoned to tell me he wouldn't be back until late. I sat in bed watching some rubbish TV, thinking of my sexy guy. Feeling horny, I reached under his bed and grabbed a copy of *Nuts* to look at the hot girls inside. I laid back and slipped off my knickers before gently rubbing my clit and sliding my fingers deep inside me. I was in the middle of playing with myself when the bedroom door swung open and there was my boyfriend, home unexpectedly early from work. He grinned and whipped off his trousers, came over to me and picked me up. I wrapped my legs around his waist, grabbed hold of his rock-hard stiffy and guided it inside me. I felt the pleasure building as his body rubbed against my clit. Within

five minutes I was moaning uncontrollably and came staring at a picture of giant boobs from the pages of *Nuts*!

Amy, Cardiff

"Balcony was in full view"

On the first day of our holiday, my bloke and I rushed straight to the balcony of our hotel room to check out the views. We were very disappointed to discover that we were on the ground floor, right next to the main public pathway to the beach. But as we popped the champagne, the bubbles started to get the better of me. I started to stroke my boyfriend's thigh, then slid down onto my knees in front of him and took his growing shaft into my mouth. In the next few sexy minutes, I heard several tuts and moans, but to this day my man won't tell me who they were from! I think he was just thrilled that I kept my head down! We're going to the same hotel this year – I really hope we have a balcony room again!
